Lowest-Cost, High-Quality Organic Essiac Tea AND a 100% Money-Back Guarantee.

Welcome to bulk-essiac-tea.com! With bulk-essiac-tea.com, you can save money AND risk nothing when you try essiac tea, whether you use essiac tea or you are a re-seller of essiac tea. Our essiac is backed by a 100% Money-Back Satisfaction Guarantee and a 110% Price-Match Guarantee.* We are committed to providing guidance and information to help you navigate the sometimes confusing world of alternative health products.

Slash a mind-blowing **79% off** the price you'd normally pay per dose when you buy your essiac tea here for as low as \$19.76/lb. in bulk, or \$21.97 for a 1-lb. order (prepares 8 *gallons* of tea). If you're taking an aggressive treatment dose, your cost to take essiac tea works out to be \$11.77/month (or \$3.92/month if you're taking the maintenance or preventive dose)--and you can save *even more* if you purchase in bulk. Essiac tea from our company costs just \$0.04/ounce! Although it seems unbelievable that we can offer you such a low price on this popular herbal supplement, keep reading to understand why you've just discovered an honest-to-goodness deal of the century!

We have been selling essiac since 1986. Gina Paulhus, Bryan's wife and avid essiac user, created this website so that everyone could enjoy quality essiac tea that is the same as you would find at any reputable health food store--but for a fraction of the cost. Bryan introduced Gina to essiac tea as a general health supplement, and she experienced greatly improved health during that time, including the disappearance of her asthma and a huge improvement in her circulation disorder that no doctors had been able to figure out. Gina was so impressed that she began building a website about essiac tea and decided she would like to help Bryan sell this herbal tea at a steep discount so that this popular herbal treatment could be more affordable to everyone. The most common reasons for taking essiac are cancer and diabetes.

We are able to keep our prices low by selling over the internet directly from our warehouse and by purchasing our high-quality, organic herbs in bulk. We do not carry other products--all of our resources and attention are devoted to essiac. Our herbs are *always* fresh because we sell our entire inventory approximately every thirty days. Our low cost is due to our volume of sales and our hard work setting up favorable business arrangements with our suppliers--it's NOT due to poor quality. *In fact, the only way we can make a profit is for our customers to return to us when it is time to re-order.* We strive for top-notch quality in our essiac and in our customer service at all times. We always use certified organic, non-irradiated, chemical and pesticide-free herbs. Each order is individually mixed on a daily basis immediately before packaging. Our formula includes no added chemicals or any additional substances other than the eight herbs: blessed thistle, burdock root, kelp, red clover, sheep sorrel, slippery elm bark, turkey rhubarb root, and watercress.

This eight herb essiac formula has led to hundreds of thousands of satisfied customers. Dr. Charles Brusch and Rene Caisse researched a variety of eight herb formulas and found them to be superior to four herb blends. We carry only eight herb essiac on this website. Dr. Brusch has stated, "Clinically, on patients suffering from pathologically proven cancer, [essiac] reduces pain and causes a recession in the growth; patients have gained weight and shown an improvement in their general health...Remarkably beneficial results were obtained even on those cases at the 'end of the road' where it proved to prolong life and the quality of that life...The doctors do not say that Essiac is a cure, but they do say it is of benefit."

*See page 8 of this brochure for details.

The Essiac Tea Ingredients

All of our essiac herbs are organic, non-irradiated, pesticide-free, and chemical-free.

Blessed thistle is used for digestive problems such as gas, constipation, and upset stomach. This herb is also used to treat liver and gallbladder diseases.

Burdock root is a mild diuretic. It increases the production of both urine and sweat, potentially making it useful in treating swelling and fever. Burdock root might play a role in preventing liver damage caused by alcohol, chemicals, or medications. The exact reason for this protective effect is not known, but it is thought to involve opposition of a chemical process called oxidation, which is a reaction that occurs in the body during normal metabolism. One result of oxidation is the release of oxygen free radicals, natural chemicals that may suppress immune function. Antioxidants such as burdock may protect body cells from damage caused by oxidation.

Kelp is a sea vegetable that is a concentrated source of minerals, including iodine, potassium, magnesium, calcium, and iron. Kelp as a source of iodine assists in making thyroid hormones, which are necessary for maintaining normal metabolism in all cells of the body. This increases energy levels and helps make it easier to maintain a healthy body weight. Kelp has the highest nutrient content of all the essiac herbs.

Red clover is a source of many valuable nutrients, including calcium, chromium, magnesium, niacin, phosphorus, potassium, thiamine, and vitamin C. Red clover is also a rich source of isoflavones (water-soluble chemicals that act like estrogens and are found in many plants). The isoflavones isolated from red clover have been studied for their effectiveness in treating some forms of cancer. It is thought that the isoflavones prevent the proliferation of cancer cells and that they may even destroy cancer cells.

Sheep sorrel contains an abundance of oxalic acid, sodium, potassium, iron, manganese, phosphorus, beta carotene, and vitamin C. This essiac tea ingredient is a mild diuretic, mild antiseptic, and a mild laxative.

Slippery elm bark has been used as a poultice for cuts and bruises, and also for aching joints due to gout or other causes. This herb also helps to alleviate sore throats. It is an active ingredient in lozenges sold to soothe throat irritation. Since sore throat and cough are often linked, slippery elm bark has also been used in cough remedies. It also can alleviate both constipation and diarrhea by regulating the digestive tract.

Turkish Rhubarb Root. This detoxifying herb is world-famous for its healing properties. Rhubarb root purges the body of bile, parasites and a stagnating food by stimulating the gall duct to expel toxic waste matter. It has been shown to alleviate chronic liver problems by cleansing the liver. Rhubarb root improves digestion and increases the appetite. It has also been shown to help heal ulcers, alleviate disorders of the spleen and colon, relieve constipation, and help heal hemorrhoids and bleeding in the upper digestive tract.

Watercress. Abundant in Vitamin C, watercress is used as a general tonic, and its bitter taste is thought to stimulate the appetite and improve digestion. It can be used to alleviate nervous conditions, constipation, and liver disorders. Watercress is a popular cough and bronchitis remedy. It contains a remarkable substance called rhein, which appears to inhibit the growth of pathogenic bacteria in the intestines. It is believed that rhein is also effective against *Candida albicans*, fever and inflammation, and pain.

Benefits You May Receive From Essiac Tea

The herbs in essiac tea have cleansing, detoxifying effects on the body that improve the immune system's functioning and improve general health and well-being. Essiac tea is a specific ratio of these eight herbs. Here are some of the reported effects of essiac tea, one of the most popular herbal teas for health:

1. Prevents the buildup of harmful fatty deposits in artery walls, heart, kidney and liver.
2. Regulates cholesterol levels by converting sugars and fats into energy.
3. Destroys parasites in the digestive system and also throughout the body.
4. Helps counteract the harmful effects of aluminum, lead and mercury poisoning that can cause illness and disease.
5. Strengthens and improves the functioning of muscles, organs and tissues throughout the body.
6. Makes bones, joints, ligaments, lungs, and membranes stronger and more flexible, and therefore less vulnerable to stress or stress injuries.
7. Nourishes and stimulates the brain and nervous system.
8. Promotes the absorption of fluids in the tissues.
9. Removes toxic accumulations in bodyfat, lymph tissues, bone marrow, the bladder, and the alimentary canals.
10. Neutralizes and eliminates acids in the bowel.
11. Absorbs and eliminates toxins in the bowel
12. Clears the respiratory channels by dissolving and expelling mucus.
13. Helps relieve the liver of its burden of detoxification by converting fatty toxins into water-soluble substances that can then be easily eliminated through the kidneys.
13. Assists the liver in producing lecithin, which forms part of the myelin sheath, a white fatty material that encloses and nerve fibers and is important for nerve health.
14. Reduces and may even eliminate heavy metal deposits in tissues (especially those surrounding the joints) to reduce inflammation and stiffness.
15. Improves the functions of the pancreas and spleen by increasing the effectiveness of insulin in the body.
16. Purifies the blood.
17. Increases red blood cell production, and helps prevent the red blood cells from rupturing.
18. Increases the body's ability to utilize oxygen by increasing the oxygen level in the cells.
19. Maintains the balance between potassium and sodium within the body which regulates fluid balance inside and outside each cell. This keeps cells nourished with nutrients and optimally cleansed.
20. Converts calcium and potassium oxalates into a harmless form by making them solvent in the urine. Regulates the amount of oxalic acid delivered to the kidneys, thus reducing the risk of stone formation in the gall bladder, kidneys, and urinary tract.
21. Protects against toxins entering the brain.
22. Protects the body against the harmful effects of radiation and X-rays.
23. Relieves pain.
24. Speeds wound healing by an increased rate of cell regeneration in the damaged area.
25. Increases the production of antibodies such as lymphocytes and T-cells in the thymus gland, which is the defender of our immune system.
26. Inhibits benign growths and tumors.
27. Protects the cells against the harmful effects of free radicals.
28. Increases the appetite for healthful foods.
29. Decreases sugar cravings due to better blood sugar control.
30. Increases energy levels and increases one's sense of well being.

That's a lot of information. What are essiac tea's primary actions?

It appears that essiac tea's primary actions are to remove heavy metals, detoxify the body, restore energy levels, and rebuild the immune system. All of these effects help restore the body to a level to where it is able to better defeat the illness using its own resources.

In other words, essiac rebuilds the immune system and improves the body's strength and capacity to fight off disease so that the body can rid itself of the illness.

Essiac is an herbal medicine that many people take in an attempt to improve a variety of health problems.

We cannot claim that essiac will cure a particular disease. However, the following list of illnesses and diseases may benefit from a reduction of toxins in the body and an improved immune system, and it has been proven that the herbs in essiac are beneficial to reduce toxins and improve the immune system.

1. Cancer (both internal and external to the body)
2. Tumor Growth (benign or malignant)
3. High Blood Pressure and High Cholesterol
4. Diabetes
5. Arthritis
6. Chronic Pain, including that associated with Fibromyalgia
7. Ulcers
8. Liver Problems
9. Colon Trouble, including Irritable Bowel Syndrome (IBS)
10. Sinus Trouble
11. Gout
12. Pneumonia and Chest Colds
13. Kidney and Bladder Problems
14. Diarrhea and Constipation
15. Fluid retention
16. Obesity
17. Asthma
18. Allergies

We have received reports from people with the above conditions who took essiac and noticed an improvement in their condition (which may or may not have any relation to the essiac tea). The herbal blend known as essiac has not been proven by the FDA to have a beneficial effect on the above conditions. However, the eight essiac herbs individually each have beneficial properties for health and the immune system that have been confirmed by the FDA.

Essiac Tea Testimonials Provide Hope to Those Who Suffer!

A handful of our many essiac tea testimonials from people who use our eight herb essiac can be found here:

March 31, 2005

"I have cancer and I need to order some more essiac tea. I need essiac sent to me as soon as possible. Let me tell you what happened to me...

I had become very sick with cancer last year. It got to the point that I was told I would be dead by December. I couldn't stay awake for more than a few hours at a time, and I couldn't speak clearly anymore. My tongue had swollen from the chemo.

I heard about essiac tea and tried it as a last ditch effort to save my life. I continued the chemo but added essiac tea to my regimen. I couldn't believe how quickly I noticed an increase in energy. Then my hair started growing back, both on my head and my eyelashes and such. A few months later, all my tumors were gone. My doctor said, "Whatever you're doing, keep it up, this is a miracle!"

I am religious and I believe that faith can heal. In addition, I believe the chemo and radiation helped me. However, I do not think I would be alive today if not for the essiac tea. The reason I say this is because, once my tumors were gone and I felt better, I ran out of essiac and didn't buy more. I didn't think I needed it anymore. Well, I was wrong. My hair started falling out and I had no energy. My platelet count is up again. This started happening a little over a month ago, a few weeks after I stopped the essiac tea. I had been meaning to get more but I kept putting it off. My friend gave me some other tea to try; he called it "miracle tea." I don't know what was in it, but it did nothing for me. It's not like essiac. Now I feel desperate: I need to get more essiac in me. I feel like crap without it and I'm worried that my tumors will come back, if they haven't already.

My doctor is worried also because I am obviously slipping. He says he can't recommend essiac (which makes me so angry!) but we both know that it's the only thing that has changed in my regimen. I recommend that everyone with cancer take essiac. I believe you should take traditional treatments like chemo in addition to essiac for best results. All I can go by is how I reacted, but it truly has been a miracle for me. Essiac tea is absolutely amazing and I feel it saved my life."

January 2005

"We never had essiac tea before, but I know it helped my dad last year with the cancer on his spine.

After my dad came home from the hospital, the week before Christmas in 2003, he was on oxy-cotin, and was in pain (They radiated his 'whole' spine). Basically, they sent him home to die. I brought him essiac and he started taking it, just to appease my sister and me. Two days after taking the essiac tea, his pain went away. His pain went away after two days, no more pills, and his cat scans were very good, the doctors were amazed.

However my dad is a retired electrical engineer and thinks prescription drugs are the way to go, not 'voodoo' stuff. Of course, he didn't attribute getting well to the tea. I keep saying, 'God made herbs.' He stopped the essiac tea in the spring. The cancer did spread again in the summers and now he is in a cancer 'vaccine' testing. He has some at his house if he so chooses (It is hard for my parents right now, since their youngest, my brother passed away at age 34 on Sept 15). I have seen this works and with our colds and knowing what we really eat, what is contained in our milks beef, and chicken--we like the idea of purging cancer causers from our bodies. The tea we got my dad was not the 'original' essiac tea, which is why I did buy in bulk from you. Thanks for offering it to us at a great price.

God didn't give me a gift to 'write'..but I still try."

Karen

May 9, 2005

"Hi Gina, so far I love your product. My lab results showed me in the non-diabetic category for the first time and ALL my results improved (I have been on 9oz/day for close to a month now).

I also have, for the 1ST TIME! other normal (average range) lab results. Not to mention what it has done for my C.F.S. (Chronic Fatigue Syndrome_ and overall energy level. My only regret is that your product hasn't made me quit smoking (yet!)."

Jonathan

April 2005

"One of my friends was diagnosed with Chronic myeloid leukemia (CML) in 2003. She was sick with infections and fevers almost all of the time. She also developed anemia (her red blood cells were very low). Upon her practitioner's recommendation she began to take essiac tea along with chemotherapy.

After four months on essiac tea, to our surprise her body seemed to have rid itself of leukemia cells. The hematologist found her completely normal when he did the bone marrow aspiration. We went to a pathologist as well to confirm the diagnosis, and he agreed that the cancer was gone."

Elizabeth

March 2005

"A friend of ours has been taking essiac tea for years and years now. He didn't get it from your company, but I believe it is the same thing. His is the eight herb formula like you have on this site.

My friend was at one point given less than a month to live, and that is when he tried the tea. That was in 1990 and he is still alive today. This is unbelievable to me! I have cancer and would like to try this 'miracle tea' for myself."

Earl Barrington, Tennessee

February 2005

"Bill and I have been drinking essiac tea for three months now (me more consistently than him, but he is getting better) and it has done wonders for my type II diabetes. I also notice a lessening of sugar cravings in general, which has allowed me to drop 10 lbs. without really thinking about it. This is good for me as I am still about 30 lbs. overweight, hopefully not for long. My test results re: the diabetes have returned to normal. I hope my husband will receive the same benefits. His diabetes was a bit worse off than mine was to begin with, and like I said he hasn't been as consistent as I have with taking his essiac tea. Now that he has seen me improve so much, though, he appears to be more motivated with his own treatment. I find that many men aren't interested in the herbal remedies but once they see them work in action they come around. I have found my breathing improve as well, is this one of the benefits of essiac tea (I am asthmatic). Please send us another of the same order we got three months ago on 11/29/05, and thank you for all of your help over the phone, etc. these past months."

Gayle and Bill T.

November 2004

"Seven years ago I had surgery to remove a cancerous rectal tumor that was discovered the year before, and was growing at an alarming rate. I was advised to undergo chemotherapy and radiation. I did for four months but I felt so sick all the time that I couldn't bear to continue. I felt my best course of action was to follow an organic diet and investigate alternative treatments. I stumbled upon essiac tea and began to take it.

I had a colonoscopy a little over six months later, and there was no cancer. I continue to have an examination every year and there is no cancer at all. I don't know if essiac tea is a miracle or what, but it seemed to have done the trick for me. I continue to take the maintenance dose and it gives me incredible piece of mind that I am purging my body of the toxins that may lead to more cancer. Thank you for providing this product. I sincerely feel that I owe my life to it."

Mary T., Massachusetts

March 2005

"My twelve-year old golden retriever, Charlie, was diagnosed with cancer last year. My vet advised that if I wanted to give him the best chance of surviving I should consider surgery to remove the tumor. However, I was also aware that, due to my dog's age and medical history, he might not survive surgery. I was also told that many times cancer in animals re-occurs, so I was hoping I could do something preventive in nature, whether or not I decided to proceed with surgery for him.

I was never aware that cancer in animals could be treated with some of the same things people use, but my homeopathic doctor told me that it can be. In particular, he recommended that I give my dog essiac.

I did some research online and found your site. I decided to start with one pound as I would be giving Charlie 2 oz. two times a day (although I started with just one dose to make sure it agreed with his stomach). Meanwhile, I met with the surgeon to discuss my options. I decided to put off the surgery for the time being and see if the essiac tea made a difference. My main hope was to keep Charlie's quality of life at this stage.

I am happy to report that he is doing wonderfully! The tumor is reducing in size and Charlie has only been on the essiac for two months. He has begun to play again and his appetite is much better. I am confident that his situation will continue to improve as long as we continue with the essiac tea. This improves the spirits of everyone in my household, as my husband and I are in our 70s and having Charlie around really boosts our spirits. Please send me another pound of the tea, and bill my card for the amount. Much thanks!"

Julie W., Arizona

April 2, 2005

"I have been using the four herbs for three years now. I just now found out about the eight herb essiac and want to see if it works better for me. I am alive now because of essiac.

My doctors had me undergo surgery, chemo, and radiation, but it didn't stop the cancer. They recommended that I go through all of it again. I just couldn't face that, though. I decided to try essiac tea and everything got better. So I stopped the tea thinking everything would be fine, but the cancer grew back. I had no energy and so much pain. As long as I stay on the tea my tumors shrink and I feel much better. I am hoping the eight herb essiac is even more effective for me."

Shannon Waterton

May 9, 2005

"Hello Gina! Your product is incredible. I suffer from a number of physical disabilities, and EVERY category of my lab results came back improved! After only one month of your essiac tea!!

After 6 weeks of being on the aggressive treatment for essiac I put the diabetic "paper" or lab results (5.6) to the ultimate test. I fasted all day (for scriptural reasons) w/water only. Not only did I not get the shakes from skipping meals or go into a hypoglycemic state, I didn't get hungry! I kept tabs on my sugar levels every 2 hours or so, and my levels stayed in the 90's all day long. I have documented this for my primary care doctor and my nutritionist. According to them, this can't happen!"

Jay, Massachusetts

January 2005

"I'm writing because my attorney (a good friend of mine) suggested that I take essiac tea. The doctors found a growth on my skin that appears not to be cancerous, but I'm not taking any chances. He affirmed that I should use essiac containing eight herbs, not the four-herb tea that is more commonly found. He recommended that I come to this site, as you people have been very helpful and the price is right. I guess he's been pointing a lot of people your way.

I am optimistic because my friend's wife was at one point diagnosed with stage IV pancreatic cancer that had metastasized to the liver, and now it's been five years and she is alive and well. Granted, she was on chemotherapy at the same time she took the essiac. She began the chemo December 1999 and the essiac in February 2000. By April 2000 her condition had become stable, which was realistically the best they could hope for at the time.

She continues to maintain relatively good health and although the tumors are still present, her condition is definitely stable and she generally feels well. Her husband switched to your eight-herb essiac when he found your website last month. He says that your herbs seem to be fresher than any he's received before and his wife feels better than ever. I'm looking forward to trying the tea and hope it can do for me what it appears to be doing for so many others. At this point in my life (45) I am well aware of the need for preventive treatment, even if I am "healthy" for the time being."

Christine L., Nevada

Our Essiac Tea Price-Match Guarantee Sets Us Apart!

At bulk-essiac-tea.com, we want to make sure you get a great deal on essiac--in fact, the best in the industry!

We will beat the price of ANY other essiac company who sells the same quantity of eight herb essiac for less--in fact, we will not only match their price, we will BEAT it by 10% just to prove to your our commitment to offering the best value on essiac anywhere!

We're not aware of ANY other company that is so confident in their product that they offer this Price-Match Guarantee!

Here is the way our Price-Match Guarantee works:

Order essiac from bulk-essiac-tea.com. If you find the same size order for less, call us Toll-Free at 1-866-ESSIAC1 (1-866-377-4221). Once the price is validated as a legitimate offer from another company, we will sell you the same amount of essiac at 10% less than the competition charges. If you order from us and find essiac being sold for less for up to 10 days after you ordered from us, we will *still* honor your request for the appropriate refund.

Our Industry-Exclusive Essiac Tea Money-Back Guarantee

Please don't think too much about giving essiac a try, because you don't risk a *penny* when you try essiac tea from our company! We're not aware of ANY other company that is so confident in their product that they offer a money-back guarantee!

All of our customers are covered by our famous 6 month 100% Money-Back No Risk Guarantee! Try to find another essiac company who offers this!

Here is the way our Essiac Tea Guarantee works:

Order essiac and give it your own personal "test run." Take it for a full six months. If you haven't experienced any benefit from essiac tea, simply return the remaining portion (if any) and we'll rush you a complete refund of every penny. No questions asked. No hassle. No delay.

All we ask is that, on the honor system, you take essiac at the suggested dosage level for five months. If you have not experienced any benefit, you may return the remaining portion to us and expect a full refund for the amount you paid for your essiac.

Please direct all refund inquiries to our Toll-Free number: 1-866-ESSIAC1 (1-866-377-4221). Bryan will assign a refund number and explain how you may obtain the refund.

Frequently asked questions about essiac tea are answered for your convenience at:
<http://www.bulk-essiac-tea.com/essiac-tea-faq.html>

Regarding our pricing

We are able to offer essiac at such low prices because we sell a huge volume of essiac: hundreds and sometimes thousands of pounds each week. This means that we are able to buy our herbs at a large discount, and mix and package them more efficiently.

Our low cost is due to our volume of sales and our hard work setting up our arrangements with the national herb companies--it's NOT due to poor quality. In fact, we *always* use fresh, pesticide-free herbs. The herbs are mixed on a daily basis immediately before packaging. Our formula includes no chemicals or any additional substances other than the eight herbs: blessed thistle, burdock root, kelp, red clover, sheep sorrel, slippery elm bark, turkey rhubarb root, and watercress.

We feel it is important that this alternative treatment used for cancer and many other health problems is available to the public for a fair and reasonable price. The average retailer makes a huge profit margin selling essiac. We are accepting a much lower profit margin per order, but we are on track to make up for that by selling more orders than the other essiac companies. Every month since our company has been started we have sold more essiac, and the trend shows no signs of stopping!

Our eight herb formula comes to you fully blended and manufactured so that the ratios of herbs are maintained even when you purchase a large bag of pre-mixed herbs from us. All of our herbs are pesticide-free and come from highly reputable companies. You have the choice of ordering pre-measured, individually sealed and labeled bags that prepare 1 quart or 1 gallon of tea at a time, or ordering 1 lb. bags and doing the weighing of herbs yourself to save even more money.

How to Order Essiac

The fastest way to order essiac is to use our secure online shopping at:
<http://www.bulk-essiac-tea.com/order-essiac.html>

If you would like to place a phone order, please call Bryan Toll-Free at 1-866-ESSIAC1 (1-866-377-4221). Our product list appears on the next page. You may call 24 hours per day, 7 days per week. We are on EST here in Massachusetts. If we aren't able to assist you at the moment, please leave a message including a brief description of your request, your name, and your number and we will respond quickly. Please be assured that all orders are covered by our Price-Match Guarantee and our 6-month 100% Money-Back Guarantee (see page 8 of this brochure).

If you would like to purchase essiac via mail order, you can use the order form enclosed and send with your check or money order.

Essiac Tea Samples from [bulk-essiac-tea.com](http://www.bulk-essiac-tea.com)

If you are not ready to make a commitment to buying our product, you may want to try an essiac tea sample free of charge. Call Bryan Toll-Free at 1-866-ESSIAC1 (1-866-377-4221), or visit our secure online shopping cart at www.bulk-essiac-tea.com/essiac.html, or use the order form that is enclosed.

Disclaimer: Essiac is not FDA tested and has not been FDA approved as a treatment or cure for any health problem, including cancer. We do not represent it as such on this site. You must determine whether essiac is a treatment method you should pursue. We have provided accounts and descriptions that represent the opinions of a variety of experts in the alternative treatment world as well as actual users of essiac. We believe that our formula is the most effective essiac formula being sold in the world. However, we do not endorse anything on this site as medical fact.

*Our retail-ready products are "generic labeling" without our website or contact information so that your customers will return to you. You may add your company name. Full instructions are included on labels.

You must brew essiac tea at home to ensure maximum level of effectiveness. If you purchase pre-brewed tea the beneficial properties may be lost over time—and pre-brewed tea is also much more expensive. Brewing the tea twice is not necessary when you use the powdered herbs in our formula.

Essiac Tea Brewing Instructions

1. Boil the necessary amount of spring water in a large pot.

The amounts for each size brew are:

To Make	Use
One gallon tea	136 oz. water (This is appropriate for aggressive treatment dose)
One quart	36 oz. (This is appropriate for maintenance dose)
One pint	20 oz. (This is appropriate if you will be traveling or for small animals)

2. Add the correct amount of essiac herbs.

The amounts for each size brew are:

To Make	Use
One gallon tea	4 oz. Herbs (If you don't have 4 oz. packets, please weigh: 4 oz. dry herbs = 113 grams--but an <u>estimation</u> is 1 ¼ cup using dry measurement cups)
One quart	1 oz. Herbs (If you don't have 1 oz. packets, please weigh 28.25 grams, estimation is one rounded ¼ cup using dry measurement cups)
One pint	½ oz. Herbs

3. Simmer for 10 minutes, stirring occasionally. Slant a cover on the pan to reduce evaporation.
4. Leave tea in pot, turn heat off, and let the mixture sit at room temperature for at least twelve hours. You do not have to boil the tea twice.
5. The following day, funnel tea into a spring water gallon container and refrigerate. Do **not** strain the tea. Shake your container before pouring doses. The herb particles are very fine. The herbs themselves increase the efficacy level of the tea.

How to store your essiac

Store packets of herbs in a cool, dark place. You may store them in the original packaging or packaging of your choice. Unopened packets of herbs stay fresh for a year, or longer in some cases. Do not put herbs in the refrigerator. Your brewed essiac tea must be refrigerated, since it contains no additives or preservatives. Do not attempt to store brewed tea for more than two weeks, because the tea may spoil. **A fresh batch should be prepared every 2 weeks.** Store your tea in spring water gallon containers or glass bottles. Amber bottles are not necessary (there is no light inside your refrigerator). Clean all containers thoroughly with hot water before using them to store your tea.

Essiac Tea Dosage

For best results, take two hours after and one hour before eating (on an empty stomach).

There are three main factors that affect essiac tea dosage:

- 1. Seriousness of condition.** We advise those fighting cancer to take the aggressive treatment dose.
- 2. Tolerance for the taste of the tea.** The taste of the tea bothers some people. Although the tea tastes somewhat bitter, many people tolerate it just fine. Most people get used to the taste over time.
- 3. Body weight.** Those with lower body weights may require less essiac. Those with higher body weights may need more essiac.

AGGRESSIVE TREATMENT Dose: Recommended dosage is 9 oz. of tea per day, taken in three separate 3 oz. doses on an empty stomach. 6-12 oz. PER DAY may be used.*

--You should this dose if you have or suspect you have a serious condition

--You should stay on the aggressive treatment dosage program for at least 5 months. After that, you can switch to a maintenance dosage of 3 oz. per day if your test results have returned to normal. If the original condition persists, continue on the aggressive treatment dosage until your condition improves and you're satisfied with the results.

*Essiac can be taken during traditional cancer treatments without interfering with that treatment. If you are undergoing chemotherapy and/or radiation, be aware that chemo and radiation can lessen the effects of essiac tea. If you plan to continue your chemo and/or radiation, you might consider taking up to 6 oz. of essiac tea three times per day. Many people have tried this with good results, but it will be your decision if you'd like to experiment with this. We've seen the typical 9 oz. per day work well, and we've also seen 18 oz. per day work well for some people.

MAINTENANCE Dose: Recommended dosage is 3 oz. of tea per day, and can be taken all at once. 2-6 oz. may be used. Take on an empty stomach. The lower end of this range is more appropriate for supplementary use, while the higher of this range may be more appropriate for the treatment of a mild medical condition.

--Administer the maintenance dosage for at least 6 months after your test results have returned to normal.

--Some also take the maintenance dosage as a daily preventive supplement.

--The amount of time you should stay on a maintenance essiac program will be up to you. There are various factors that affect essiac dosage. If you have questions, please contact us. Essiac can be taken indefinitely, so you may decide whether to continue to supplement daily, or to stop using essiac once the condition you're trying to address is under control.

Detox Dose: Detoxification typically is something that is done for a fixed period of time. Many people choose 3- or 6-month time periods for detoxification. However, some do shorter detoxifications. The dosage for a 2 or 4-week detoxification is 9 oz. of essiac tea per day.

The length of time between detoxification periods depends on three key issues:

1. Individual level of exposure to any toxin, including chemicals, pollution, diet, etc.
2. Ability of the individual to purge toxins generally.
3. Personal preference.

Essiac Tea: Priority Order Form (or call Toll-Free: 1-866-ESSIAC1)

Mail this form with payment to: Gina Paulhus
c/o bulk-essiac-tea.com
4 Vale St.
Merrimac, MA 01860

YES! I'm very excited to start using essiac tea, an amazing blend of eight herbs with well-known medicinal properties, at the best price available anywhere...AND a set of coupons toward essiac worth over \$200...and I know there's no time to lose, because this is a limited offer, exclusive to the first 500 who order as part of this promotion. Thanks for the 6-month money-back guarantee, too—that takes all the pressure off my decision. And Gina, I expect you to rush-ship my package via USPS 2-3 Day Priority Mail as soon as you get this order!

Here is how I want to pay: Enclosed is my check or money order (payable to Gina Paolino)

Bill my credit card: Visa Mastercard American Express Discover

Two-payment option: Please bill my credit card in 2 equal monthly installments

Card # _____ Expires _____

Billing address: _____

Signature: _____ Print name on card: _____

Telephone: _____ (For processing of credit cards only)

Here is what I want, and where I want you to ship it:

SUBTOTAL:

Pre-measured:

Good deal: FOUR (4) 4-oz. sealed packets (1 lb.), \$33.84

Better deal: THIRTEEN (13) 4-oz. sealed packets (3 lb. 4 oz.), \$99.97 (save \$10.00)

Best deal: TWENTY-SIX (26) 4-oz. sealed packets (6 lb. 8 oz.), \$179.96 (save \$30.00)

Bulk:

Good deal: 1 lb. bulk essiac (in one bulk bag), \$21.97

Good deal: 3 lb. 4 oz. bulk essiac (in one bulk bag), \$71.40

Best deal: 6 lb. 8 oz. bulk essiac (in one bulk bag), \$119.74 (save \$10.00) **OR...**

Other: Please write in (see price sheet on page 10) _____

SHIPPING:

\$_____ (\$6.95 for 1 lb. 2 oz. or less; 8.95 for 2 lb. 3 oz. or less; 9.95 for 3 lb. 4 oz. or less; 12.95 for 6 lb. 8 oz. or less; 14.95 for 10 lb. or less; 16.95 for 13.6 lb. or less; \$0.50 for each additional lb.)

TOTAL:

\$_____ (Please add costs of herbs plus shipping).

Rush-ship everything (including my set of essiac coupons with over \$200) to:

Name _____ Company Name _____
